-- Regulatory Notification--

Important information for customers
with unlisted or nonpublished numbers

Billing, Name and Address (BNA) Notification

The FCC has ruled that under certain circumstances the Billing Name and Address (BNA) of all telephone customers (including unlisted and nonpublished customers) can be released to telecommunications service providers for use other than marketing purposes. The main reason for releasing BNA information is to ensure proper billing for certain types of calls.

For instance, calls such as collect, third number or calling card calls may be carried by an interexchange carrier who is not your pre-subscribed interexchange carrier or who does not have a billing contract with our company. Under these circumstances, the carrier does not know who to bill the call to, and therefore, must request the BNA from our company in order to bill the call. We must provide the information to the requesting carrier.

BNA can also be released for several other reasons, including verification for pre-subscription and new address purposes, fraud prevention, servicing your account and similar purposes.

If you have an unlisted or nonpublished telephone number, you have a choice. If you do not want your BNA released by our company, we need affirmative notification from you within 30 days. You should know that if you provide us with such notification, your ability to make third number or calling card calls or to receive collect calls could be denied. Should you have questions regarding this matter or would like to block your BNA information from being released, please call our business office.

Important Notice Regarding Your Account Information

MTC Technologies knows the importance of personal privacy to our customers. MTC Technologies keeps all account information strictly confidential to the fullest extent possible and uses industry-accepted technology to safeguard customer data. Recent changes in federal law concerning telecommunications companies regulate the use of account information to selectively market specific products and services to specific customers.

What kind of information are we referring to?

This information, legally referred to as Customer Proprietary Network Information (CPNI), includes data such as which long distance carrier you have chosen, what calling features you use and which calling plans, if any, you have subscribed.

Who uses this information and is it protected?

Only MTC Technologies can see or use this information. It is never released to outside companies. You have the right, and we have the duty under federal law, to protect the confidentiality of this type of information.

What do I need to do?

No action on your part is necessary. If you wish to restrict MTC Technologies's ability to tailor our service offerings to your individual needs, you may contact us using the info below. Should you wish to restrict use of your CPNI, please contact our local office at 319-394-3456 or office@mepotelco.net.

Your request should be sent within 30 days of receipt of this notice. Restricting CPNI may make you ineligible to receive information from MTC Technologies about new products and services, packaged offerings, and various promotions.

How does this affect services I receive?

Whatever you decide will not affect the provision of any services to which you subscribe. Your approval or denial for use of CPNI will remain valid until you tell us otherwise. Again, we only use your account information to market other telecommunication products and services we offer and no action is required on your part unless you wish to restrict our use of your CPNI. You will still receive monthly bill inserts, quarterly newsletters, and other publications that are sent to all customers at the same time, so you will be kept up-to-date on what is happening in the company.

We look forward to being able to serve your telecommunication needs more efficiently with new products and services based on the information we know about your account.

Reporting Period January 1 – December 31, 2014

Sec. 54.313(a)(6) Ability to Function in an Emergency Situation

Pursuant to § 54.313(a)(6) for High-cost Recipients, Mediapolis Telephone Company hereby certifies that it is able to function in emergency situations as set forth in § 54.202(a)(2).

Mediapolis Telephone Company is able to remain functional in an emergency situation through the use of back-up power to ensure functionality without an external power source. Mediapolis Telephone Company has backup battery (or equivalent power) reserve in its central office, which enables it to provide service for a reasonable period of time if external power is lost. Mediapolis Telephone Company's network is engineered to handle reasonable excess traffic in the event of traffic spikes resulting from emergency situations. Mediapolis Telephone Company has redundancy in its network for use in re-routing traffic when facilities are damaged.

I verify that the foregoing is true and correct. Executed on June 16, 2015.

47 CFR 54.313(a)(10) Voice Services Rate Comparability

Pursuant to 47 CFR 54.313(a)(10) for High-cost Recipients, Mediapolis Telephone Company hereby certifies that the pricing of its voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau.

On April 16, 2015, Public Notice DA 15-470, WC Docket No. 10-90, the WCB announced that the average local end-user rate plus state regulated fees of the surveyed incumbent LECS in urban areas is \$21.22. MTC's voice service rates are less than two standard deviations in relation to the applicable 2015 national average urban rate as established by the WCB.

I verify that the foregoing is true and correct. Executed on June 16, 2015.

FIVE YEAR PLAN PROGRESS REPORT YR 1

REDACTED – FOR PUBLIC INSPECTION

Low-Income Telephone Assistance Program

Lifeline

Lifeline is a plan that assists qualified low-income lowans by providing a monthly reduction of \$9.25 on their local telephone bill.

You may only receive low-income assistance from one wireline or wireless telephone provider per household.*

***NOTE:**

A "Household" is defined as any individual or group of individuals who are living together at the same address as one economic unit. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household.

Eligibility Requirements

To be eligible for Lifeline assistance, you must meet income-based criterion currently defined as at or below 135 % of the Federal Poverty Guidelines (see table inside) **OR** participate in at least one of the following programs:

- Medicaid
- Supplemental Nutrition Assistance Program (SNAP)
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance
- Low-Income Home Energy Assistance Program (LIHEAP)
- Temporary Assistance to Needy Families Program (TANF)
- National School Lunch Program (NSL)

In addition, you must not currently be receiving Lifeline assistance, and no other person in your household can be subscribed to the Lifeline program.

To Apply for Lifeline:

1. Complete the certification form attached to this brochure, (please include any supporting documents) and submit it to your local telecommunications provider's business office. This address can be found in your local telephone directory.
2. Re-certification forms are mailed to all subscribers every year. When you receive a re-certification form, complete and return it to your local telecommunications provider within 30 days. Your telecommunications provider will suspend your eligibility for low-income assistance if you do not return the re-certification form.

CERTIFICATION OF Mediapolis Telephone Company**Reporting Period January 1 – December 31, 2014****Section 54.313(f)(1)(i) Milestone Certification**

Pursuant to § 54.202(a) Mediapolis Telephone Company (MTC) certifies that it has taken reasonable steps to provide, upon reasonable request, broadband service at actual speeds of 4 Mbps downstream / 1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to reasonably comparable offerings in urban areas, and that requests for such service are met within a reasonable amount of time. MTC will continually provide service as requested to new residential and business structures within its service territory as long as it can cost-effectively extend a voice and broadband-capable network to that location requesting service. In determining cost-effectiveness, MTC considers anticipated end-user revenues as well as federal universal service funding. MTC views unreasonable requests as those which the incremental cost of undertaking the necessary upgrades to the location exceed the revenues that could be expected.
